CHANGES AT NORMAL

EIGHT NEW MEMBERS OF FACULTY CHOSEN BY REGENTS.

MEETING TUESDAY NIGHT

Who the New Members of the Faculty Are and What They Have Been Doing.

The board of regents of the Northwest Normal held their meeting Tuesday evening for the selection of teachers for the ensuing year. Four members of the board were in attendance—W. A. Blagg of Maryville, W. G. Hine of Savannah, O. P. Williams of Plattsburg and J. B. O'Brien of St. Joseph.

The following faculty was recommended by President Taylor for the ensuing year, and all of the nominations were unanimously elected:

George H. Colbert, Dean, professor of mathematics.

Ira Richardson, department of education.

T. H. Cook, American history and civics and principal of elementary school.

John E. Cameron, agriculture and biology.

E. L. Harrington, for summer term, chemistry, physics and agriculture.

V. I. Moore, Latin, French and director of athletics.

H. P. Swinehart, English.

Hettie M. Anthony, home economics.

John A. Lesh, history and Latin.

Harriet Day, art.

Harry A. Miller, reading, public speaking and English.

W. A. Rickenbrode, business department and registrar.

Frank H. Shepherd, manual training.

Mary M. Hughes, supervisor of the training school.

Fanny Hope, senior critic teacher.

Carrie Hopkins, primary critic teacher.

Kate Helwig, assistant in mathematics and critic teacher.

P. O. Landon, director of music.

Alice Martin, kindergarten.

Larue Kemp, instructor in music in training school.

C. E. Wells, librarian.

Chester D. Deibler, secretary to President Taylor and instructor in stenography and typewriting.

Mrs. A. L. Perrin, dean of women.

C. C. Smith, custodian of building.

R. H. Duncan, custodian of grounds.

The New Members of the Faculty.

Prof. Ira Richardson, at the head of the department of education, is one of the strong men of the state, and leaves the Springfield normal school to come to the Northwest Normal on account of better salary and larger opportunities offered.

Prof. E. L. Harrington, in charge of chemistry and physics, is superintendent of schools at Breckenridge, Mo., and made the best record ever made at the Missouri university. Dr. Eliff, high school inspector, says: "He is one of the best equipped men in Missouri for the department."

Prof. John A. Lesh, in charge of the department of history, got his special preparation at Harvard, Columbia University and the University of Pennsylvania, and occupies the chair of history in the Pennsylvania state normal school.

Miss Harriet Day, at the head of the art department, is instructor in the same department at the University of Illinois, and was for five years at the head of the art department of the Colorado state normal school. Her studies were carried on in Paris, Boston, Philadelphia and Columbia University, New York.

Prof. Harry A. Miller, at the head of the department of reading and public speaking, is an alumnus of Franklin college, Ind., the Indiana state normal school, and has specialized at Chicago University. He for a time was at the head of this department at the Winona normal school, and is now principal of the high school at Huntington, Ind.

Prof. Frank H. Shepherd will have charge of manual training. He is a graduate of the Colorado state normal, has taught some twelve years, and comes specially fitted for his work.

Prof. C. E. Wells, librarian and teacher of Spanish, is a Nodaway county man. He is at present librarian of the Hill school, Pottstown, Pa., one of the leading schools of the east. He was for five years teacher of the English school at Santiago, Chili, and afterward was secretary of the American legation at Santiago. He is an alumnus of Park college and holds a Master's degree.

Mr. Chester D. Deibler, secretary to the president and teacher of stenography and typewriting, is a graduate of the Chicago Business college, where he also acted as assistant instructor.

THREE SCORE YEARS AND TEN OF LIFE

Judge Ira K. Alderman celebrated his seventieth birthday anniversary Tuesday, May 23, by an informal at home at his office, in the Roseberry building, where quite a number of his friends called to extend greetings and congratulations. Judge Alderman has been prominently identified with Maryville's best life for nearly forty-three years, having come to Maryville in October, 1868. He has been constantly in practice of law nearly all of those years, and has held many

JUDGE IRA K. ALDERMAN.

positions of trust. He was elected probate judge of this county in 1879. At the close of his term of office, he formed a law partnership with L. Isham White, who later located in Denver, Col., where he died a few years ago. Judge Alderman has always been regarded as one of our country's ablest men, and he enjoys the confidence and esteem of many old and new friends.

Those of his friends who did not call at his office called at his home, on South Main street or sent greetings in flowers. Among those that called at his office were Postmaster S. R. Beech, J. S. Shinnabarger, Dr. J. W. Dean, Joseph Jackson, Sr., James B. Robinson, George B. Baker, Judge J. H. Sawyer, M. E. Ford, W. H. Crawford, W. A. Blagg, F. G. Shoemaker, Eldon Irvin, John G. Grems, W. F. Smith, L. C. Cook, Ellis G. Cook, T. A. Cummins, John M. Dawson, G. B. Holmes, Edward E. Williams, James Todd, J. F. Hull, T. J. Parle, G. Matter, George Pat Wright, W. C. Frank, George D. Davis, R. L. McDougal and Dan Holmes, the latter celebrating his twenty-seventh birthday anniversary. Those calling at the home or sending greetings with flowers were Mr. and Mrs. George B. Baker, Mr. and Mrs. Edward Wolfert, Miss Carrie Baker, Mr. and Mrs. Bernice Harris and their niece, Miss Katharine Hart of Chicago; Rev. Dr. J. S. Ford and family, Rev. C. H. John, Miss Clara Kallert, Miss Elizabeth Diss, Miss Laura Gates, Miss Lillie Gates, Mrs. Agnes Coveny Gebb-kin of Springfield, Mo., who, with her husband, is spending the summer with Mrs. J. M. Hosmer; and Mrs. F. M. Martin and her little grandson, Samuel Forrest Martin, the son of Dr. and Mrs. Vilas Martin, who also celebrated his fifth birthday anniversary on Tuesday; A. F. Harvey, W. G. Sawyers, C. P. McCaffrey.

Judge Alderman is again receiving friends on Wednesday. Many who could not come on Tuesday are coming today and tomorrow's list of callers promises to be as great.

The School Board will meet Thursday. A meeting of the school board will probably not be held until Thursday. They were to have met Wednesday, but on account of the absence of two members, L. C. Cook and W. A. Blagg, who are in Savannah, the meeting was postponed. At this meeting the school board are to select the teachers for the coming year.

What's the Matter with the Mink. Well, we've started, haven't we? Judging by the scores the Mink league is in a class with the American and National leagues.

200—Look at it—200.

We still have our batting eye.

And say, I guess we just about evened up that big lead Falls City got in her batting column last week, didn't we?

Sure, we could have taken the games, but we wanted to let Falls City crowd Clarinda, that's all.

Will Go to Nebraska.

Mr. F. J. Zimmerer will leave Thursday morning for his father's home in Nebraska City, Neb., to go later to the ranch of his brother, near Lincoln, to spend the summer.

ONE SUICIDE A DAY

POLITICAL CLIMATE AT WASHINGTON NOT VERY SALUBRIOUS

HOME OF HOPES AND FEARS

Lower House Has Made a Good Record and is Ready for Adjournment When Senate Acts.

By VAN CLEVE.

Washington, D. C., May 22, 1911.

The visitor to the capitol of the United States after an absence of two score years finds abundant evidence of the truth of the philosophy of Uncle Remus that "the world do move." It is the same old city of "magnificent distances," beautiful grounds and palatial homes with an ever increasing number of squares, circles, statues and magnificent public buildings.

It is the home at once of gorgeous comfort and squalid existence. It is like a sea of fishes with the difference that the little ones here live upon the patronage and the crumbs that sift from the mouths of the larger ones.

It is the home likewise of vaulting ambition and perishing hope. During the few days that I have been here there has been an average of one suicide a day. They were all women, disappointed, hopeless and without strength to endure what seemed to them "the slings and arrows of an outrageous fortune." There are men too wondering how they are to get home, plenty of them. Hundreds are attracted by the good positions that two dozen must fill. Some take the matter philosophically and let their ambitions relax until small enough to slip into something available. A brilliant young member of the Mississippi legislature came here hoping to become a reading clerk. This is a hard place to fill satisfactorily and pays well. He was given a trial and pronounced good. He secured the caucus nomination but under the new rules adopted for the distribution of patronage, his state delegation was unable to agree on any arrangement that would enable him to reach the prize that was dangling before him, and he lost it. He is now running an elevator at \$1200 per year. He is perhaps wise. He is making expenses and with close economy will be able to ride home when the session closes, whereas otherwise he might be compelled to spoil a good pair of shoes.

When will Congress adjourn? That is the prevailing question here, especially among the boarding house keepers. Champ Clark answered an enquirer a few days ago by saying, "You can guess as well as I can." Another prominent Congressman said yesterday, "The Lord knows but He doesn't tell." The fact is, Congress is liable to adjourn within a month and it is liable to be here several months. The House has made a remarkable record and after the disposition of the wool schedule, which it is believed will be reported from the Ways and Means Committee next Wednesday, it will be in good shape to adjourn at any time. The House leaders had their program well mapped out when the session was convened by the President. They promptly organized, stood together like a stone wall and began to do business with an alacrity that has surprised the oldest inhabitant. The House is now "marking time" to a certain extent and giving every man who wants to be heard a chance to air his lungs. They have already put up to the Senate enough work to keep them here until fall if the Senate were disposed to take cognizance of it.

But the Senate has no idea of doing anything of the kind. It is not yet fully organized. It is in a hopeless three cornered tangle. The Democrats are in the minority over there and neither wing of the Republicans is in the majority. The two species of Republicans are as distinct as the muskrat and the turtle. They have not been able to elect a president yet and unless new nominations are made or the insurgents, in a burst of magnanimity, agree to it they will not elect one at this session. Inasmuch as Senator Gallinger showed much scant courtesy in the make up of the Senate committees, the insurgents are not likely to discommodate themselves seriously for his benefit. The Republican leaders in the Senate want to pass the reciprocity bill and go home but whenever the Democrats and insurgents can get together on any proposition, the Stalwarts will be as helpless as a rat in a steel trap. The Democrats of the Senate want to comply as far as possible with the expressed wishes of the people last fall and so do the insurgents with

varying degrees of acceptance of the Democratic view. Herein lies the uncertainty. The House also wants the Senate to take a stand on the Democratic measures and the Senate proposes to dodge that responsibility if they can.

Senator Stone has been having a good deal of amusement at the expense of some of the witnesses in the hearings on the reciprocity bill. He made the delegation of northwestern "farmers," who came to explain the impending disaster to the wool growers, admit that the money to send them here was raised among the manufacturers and that their arguments were manufactured by a firm of New York lawyers hired for the purpose.

The general belief is that when Old Sol's select rays begin to bear down in July there will be either an adjournment or a recess until about October. By taking a recess pending legislation would be kept alive and unfinished work could be completed at the close of the recess. If they adjourn, everything must begin anew.

Champ Clark has so far escaped the charge of being "a czar" and his rulings have been eminently satisfactory to both sides of the House. Mr. Mann the Republican leader, almost paralyzed the business of the House the other day by an incidental reference to the Speaker as the probable presidential nominee of the Democracy. He didn't mean to start anything but the House was in an uproar as quick as a flash of powder and it was five minutes before the applause and cheers subsided. The speaker's chief lieutenant and floor manager, Mr. Underwood, is a past master in management. Neither of them have any of the bluster of Uncle Joe Cannon, Dillard or Mann, the great Republican triumvirate, and they move quietly and smilingly. It became necessary to squelch "Uncle Joe" one day this week, and it was done so pleasantly and quietly that it was some time before the old warrior recovered from the anaesthetic and realized what had happened to him.

The House has under consideration this week the admission of New Mexico and Arizona, and it is expected that a vote will be reached next Tuesday. The Republicans are making a hard fight to prevent the admission of Arizona, and will very likely succeed. Their chief point of attack is on the recall provision in the Arizona constitution, but the real Senegambian in the wood pile is the fear of two more Democratic senators from the new state if admitted.

FLAG RAISING AT THE NORMAL TUESDAY

The flag raising at the Normal Tuesday afternoon was quite a success and was attended by a large number of people. The program was opened in the library with music by the band and the song "America." The addresses followed.

Rev. Dr. U. G. Foote of St. Joseph spoke first on the designs and the significance of the various national flags.

Representatives of the G. A. R. and W. R. C. then spoke, telling of personal experiences of the awful struggles gone through with to preserve the flag, and they asked that the younger people remember and show more reverence for it. Concluding with another patriotic song, everybody went outside to the front entrance of the building, where the flag was to be raised.

Captain Nathaniel Sisson made an address, at the close of which the flag was raised to the music of "The Star Spangled Banner."

The track meet began immediately after these services and furnished a good deal of amusement for everybody. Roy McGrew won the general meet, with a score of 35 1-3 points.

The thread and needle race was won by Miss Emma Lee Taylor. Each young lady who entered chose a boy to run for her. He was given a thread and needle. He then had to run to the finish line, give the thread and needle to the young lady, and after she had threaded the needle and returned it to him, he had to run back to the starting point.

The egg race was quite exciting. Three heats were tried before anyone was able to finish. Mr. Deibler then won the race, with Dean Colbert a close second. No one else finished. These two walked all the way and succeeded in keeping the egg balanced in the spoon, which each held in his mouth.

Miss Randall Goes Home. Miss Edna Randall leaves Friday for the home of her mother, Mrs. R. K. Randall, in Mt. Vernon, Ia., where she will spend the summer.

News of Society and Womens' Clubs

At Normal Residence.

Rev. Dr. U. G. Foote and Mrs. Foote of St. Joseph were the guests of President and Mrs. H. K. Taylor while in the city. Dr. Foote is pastor of the new Francis street M. E. church of St. Joseph.

Miss Lailey Hostess.

Miss Lois Halley entertained Mr. and Mrs. Bruce Montgomery, Mrs. E. G. Leake, Miss Edna Randall and Mr. Frank Zimmerer at a 6 o'clock dinner Tuesday evening.

Tourists Elected Officers.

Miss Jessie Parcher was elected chairman of the Tourist division of the Twentieth Century club at its meeting with Mrs. George P. Bellows Tuesday afternoon, when the last meeting of the year was held. Mrs. Joseph Jackson, Jr., was elected vice chairman, and Mrs. Beal Roseberry secretary-treasurer. The program was the conclusion of their study of Italian masters and their music. The responses to roll call were incidents in the lives of the masters. Miss Mabel Martin spoke of Lucia of Donizetti, Mrs. H. K. Taylor of Rossini's Stabat Mater, Mrs. Charles Bellows of I Trovatore, and Mrs. H. L. Raines of La Sonnambula and Norma. Music by these masters, excepting that of La Sonnambula and Norma were illustrated by Mrs. Bellows' victrols, and that of Sonnambula was given by Miss Birdie Shelton.

Married at St. Patrick's.

Miss Anna Rose Cain, daughter of Mr. and Mrs. Thomas Cain, living eight miles east of Maryville, and Earl Heflin, son of Mrs. Lucretia Heflin of near Orrsburg, were united in marriage at 9 o'clock Wednesday evening at St. Patrick's church. Rev. Fr. Niemann performing the ceremony.

The attendants were Miss Agnes Cain of Council Bluffs, a cousin of the bride, and John Cain, a brother of the bride. Little Dorothy Hunterston, a niece of the groom, carried the wedding ring in the heart of a lily. The bride wore a gown and hat of pale blue messaline, and the bridesmaid wore pale yellow. After the ceremony a reception was given at the home of the bride's parents, east of the city, from 11 to 4 o'clock, to relatives only. Mr. and Mrs. Heflin will live on his farm, near Orrsburg.

Being Quarantined.

To the People: One of the most important practices of civilized ages is that of quarantining for the prevention of the spread of contagious diseases—those diseases which have always played havoc where allowed free run, and millions of human lives have been sacrificed to ignorance, prudery and business. Yet in the face of all this we have to deal with people occasionally who do all they can to hide a contagious disease and fight against quarantine, often becoming insulting and abusive, denouncing informants and health officers in terms best left unsaid.

Such people should ask themselves this question: If I go to my neighbor's and give his child poison, knowing it to be poison, and that child dies, what am I? Am I not a murderer? Again, if I keep poison in my house where my neighbor's child comes in and I knowingly allow that child to play in and die from that poison. What am I? Am I not a murderer? At least a villain, think you?

Then if I have some dreadful and fatal contagious disease, and knowing it, go to my neighbor's and there poison his child's system and that child dies, what different am I from case No. 1?

And if I allow my neighbor's child to come to my house, knowing I have this disease, and that child sickens and dies, am I not guilty of its death? Most certainly.

Friend, please study these questions and see if you are worthy to be called friend—a friend of humanity—or worthy to be called an enemy of the race, then consider that the health officer is indeed a friend—not only of the race but of you—individually. He helps you not to be a distributor of evil and saves the lives of many others. Therefore, be a friend of society and yourself. Throw off that feeling of selfish importance and welcome any health officer as a public necessity and benefactor, for such he is.

Your humble servant,

THE HEALTH OFFICER.

Suggests a Swimming Pool.

Editor Democrat-Forum: The tragedy of last Thursday had in it not only the deplorable, the awfully sad, but also the suggestive. Swimming is a permissible, a most enjoyable sport for young people. Many of the sports encouraged and supported at large expense today have no helplessness for either the physical, intellectual or moral. But it is not so with swimming when properly engaged in. It is not only a most enjoyable sport, but is a most helpful, physical exercise and is worthy of all the encouragement that can be given to it by any community. Why should not the city of Maryville consider the question of giving some substantial encouragement to the preparation of a suitable place for such recreation? There are but few things that Maryville can do that has in it more of substantial benefit for her young people than a properly constructed swimming pool, so constructed and furnished that there would be, as near as possible, no risk to those who patronized it.

A comparatively small expense would put the McKinney lake in fine shape for a swimming pool. The location could hardly be better. It is about the right distance from the city. A moderate expense would make it of sufficient depth with sand and gravel bottom, thus making it an ideal place for this enjoyable and helpful sport, and would make sure of no repetition of the awful happening of last Thursday, which cast such a saddening gloom over our entire city and surrounding country. Have any others a word of encouragement for such an enterprise? C. H. JOHN.

TO CELEBRATE OPENING OF "SAINTS HIGHWAY"

One of the main features of the Fourth of July celebration to be held in Maryville will be to celebrate the opening of the automobile and road trail of the "Saints Highway," which will be ready by that time. The committee is to extend invitations to the towns that are on this highway to attend the celebration. It is thought that a large number of automobiles will come to the city on that day from St. Joseph and the other neighboring towns.

Roland Wray and little daughter, Gertrude, of Pickering visited in Maryville Tuesday evening at the home of his brother, Vern Wray, living on North Market street.

Mrs. C. W. Kirk and little daughter of Hopkins came to Maryville Tuesday evening to visit until Wednesday night with Dr. Kirk's mother, Mrs. Flora Quinn. Mrs. Kirk attended the commencement exercises of the Northwest Normal, her cousin, Miss Myra Hull, being one of the graduates.

ROUTES SELECTED

TWO OFFICIAL "TRAILS" BETWEEN HERE AND BEDFORD.

MAPS WILL SHOW ROUTES

Both Hopkins-Pickering and Ridge Roads Chosen—Trails to Be Plainly Marked.

At a meeting held at Bedford, Ia., of the executive board of the "Saints Highway," the official trail from Bedford to St. Joseph was adopted. G. B. Roseberry of this city, a member of the board, attended the meeting.

Two official trails were chosen for Nodaway county. One trail passes through Hopkins, Pickering and comes to Maryville on the north road to McKinney's corner, and then turns west past Martin Roots' and Hastings' and enters the city on Lawn avenue and Main street. The other road is the "Ridge" road, which comes to the Gallagher corner, eight miles east of the city, and then on to Maryville on the state road, connecting with the other road at the corner of Main and First streets.

On leaving Bedford the official trail goes three miles south of that town and at this place it divides, one road being the "Ridge" road and the other the Hopkins-Pickering road. At this corner, where the roads divide, one sign board will read the Bedford-Maryville route or the "Ridge" road, and the other sign board will be the Bedford-Hopkins-Pickering and Maryville route. Both routes will be in the folders and on maps that will be gotten out by the "Saints Highway" organization.

If permission is obtained the telephone poles along the way will be painted white.

The trail on leaving Maryville will go six miles south, then east one-half mile, then south again for six miles, east two and a half miles into Barnard, and takes the east road from Barnard to Bolekow. The trail goes through Barnard and takes the east road out of that place, with the understanding that the road be widened thirty feet and is kept in first-class condition. If they fail to do this, then the trail will go one-half mile on the west side of Barnard. From Bolekow the trail passes through Rosendale, Wyeth, Savannah and then on to St. Joseph.

The pathfinders, on going over this route last week, selected these roads in their report to the executive board. A meeting of the county board of trustees will be held this afternoon, at which time several matters will be taken up.

MEMORIAL SERVICES AT MYRTLE TREE CHURCH

Memorial services will be held at the Myrtle Tree church on next Sunday afternoon at 2:30 o'clock by Rev. Royston, the pastor. On Tuesday, May 30, an address will be given at the Myrtle Tree church by Dr. J. S. Foote of the First M. E. church of Maryville at 2:30 o'clock. A short address will be given at the cemetery by Charles Noll.

RAVENWOOD.

The chronic growlers are well pleased with the rain, but say it is not warm enough for their stuff. Last Friday we had a fine rain, and it came at a good time, and now everything is growing nicely. Today (Monday) we are having alternate showers and sunshine.

I think about all our farmers are done planting their corn, and some have begun cultivation. The ground is in fine condition and a good stand of corn is generally reported. Oats and wheat are looking well and bid well for a fine yield. The peach crop in this part of the country is nearly a failure, but apples, cherries and plums promise a bumper crop.

We understand there was some disturbance in the yard at the M. E. church last night, which was caused by some young men who were strongly under the influence of intoxicating drinks. Of our own choice we have local option, but are denied a law to prevent shipping the stuff into local option territory. If we had such a law we could take care of ourselves. I do not know the names of these young men who were violating the laws of the country and of decency.

PLATTE VALLEY.

The valley is now wet by reason of the recent refreshing rains.

Mrs. Charles Hassler died of heart trouble last Saturday forenoon in her husband's store, in Guilford. Funeral services were held Sunday from the M. E. church, conducted by Rev. Hoover. The body was taken to Illinois for interment.

Mr. George Maker of Humansville, Kan., was in Guilford a few days this week visiting his uncle, Mr. Whitford. M. Whitford shipped a car of hogs to St. Joseph Monday.

Tom Ivie and Alma Nelson went to Ravenwood Saturday to visit their brethren of the L. D. S. church. Ask Alma if he saw the gate while there.

W. B. Torrance went to Burlington Junction Saturday to visit his brethren of the L. D. S. church over Sunday and talk with them on gospel principles.

George Rimel and wife and Miss Otha Rimel and a Mr. Wilson and Anthony Sharp went to Maryville Saturday to attend the funeral of the two young men who were drowned last week.

Grover Skidmore, the editor of the Guilford Times, is so feeble again he has to take to his bed. We would like to see Grover recover.

Mrs. Dallas Warnock and son Leslie visited Saturday and Sunday with

Mrs. B. Torrance and her parents, E. Halfhill and wife.

F. Fogle of Diagonal, Ia., visited Guilford Monday and transacted business.

Dwight Swinford and his brother George of near Arkoe passed through Guilford Sunday on train No. 5, bound for St. Joseph to transact business.

The general merchandise store of L. Bason, in Guilford, has been sold to a Maryville firm, and will probably be moved from Guilford to some other point. Mr. Simpson, O. K. Herndon and others are interested in the store. Mr. Simpson is here now in charge and will remain if it proves a good proposition.

Corn, wheat, rye, oats, and in fact everything looks fine and is doing well throughout the valley.

Henry Brown and family spent Sunday afternoon with E. Halfhill and family, also Earl Nelson visited with Orville Halfhill.

Tobe Hannah, the Breit boys and others were delivering hogs to M. Whitford Monday.

Mr. Bartholomew of Kansas is here visiting his sister, Mrs. Aaron Cleveland, and assisting her in arranging some of her affairs.

Jacob Breit went to Savannah Tuesday morning, being called there by telegram to attend the funeral of his brother-in-law, Mr. Elmsinger.

Tobe Hannah and Henry Brown went to St. Joseph Tuesday on business.

THE STATE NORMAL COMMENCEMENT

The commencement program of the Northwest Normal took place Tuesday night at the First Christian church.

Just before time for the program to begin the lights went out and the first number, a song by the Normal quartet, was given in darkness. It was the song "Legends," by Moir-Parks, sung by Mr. Landon, Lona Perlin, Harry Mutz and Orlo Quinn. It was a splendid number, and the songs by the sextet, Miss Marie Jones, Miss LaRue Kemp, Miss Lillian Lindholm, Miss Nellie Wray, Mr. Mutz and Mr. Quinn, and the double quartet were very good. "Whispering Breezes," arranged from "Schubert's Serenade," was the favorite.

The speaker of the evening, Rev. Dr. Ulysses Grant Foote of St. Joseph, was introduced by President Taylor. Dr. Foote made a good impression on the audience from the start. He said this was his first visit to Maryville; that he had often desired to make a visit to our city, because of the fame of her beauty, and that now that he had come he could say with the Queen of Sheba, "the half has not been told."

He was glad, he said, to visit the Normal and again meet his old friend, President Taylor, whom he knew in his native state, Kentucky. He said he was told he ought not to say here that he was born in Kentucky, at a place about half way between the birthplaces of Lincoln and Jefferson Davis, but he saw no reason, he said, why he should not say so, here or anywhere, and boast that his father and mother were natives of Virginia, and that they named him Ulysses Grant for the Union general. On Decoration day, he said, he will deliver the address for the G. A. R. at St. Joseph, and a few days later, at a point in Kentucky, where an anniversary celebration of the birth of Jefferson Davis will be held.

"Now then, after all those things I boast, if you can tell me whose husband I will be in the day of the resurrection I will be glad to hear from you," amid the laughter of the audience.

"His lecture to the audience was on 'The Spirit of the Age,' and was an optimistic view of things national and in regard to the turn of affairs at present in other countries. He believes the hand of an omnipotent, omniscient and omnipresent God is in the affairs of all men and governments, and said he considered it the highest honor in the world to be an American citizen."

At the close of the lecture President Blagg of the board of regents presented the diplomas to the eleven young women in the class, after he had jollied them, complimented them, scolded them, thundered at them and told them of the awful consequences if they did not come up to their diplomas before their pupils in the school room, and finally closed with smiles and words of confidence in their ability, encouragement and inspiration for

their work. Life diplomas were given to the graduates who are Bertha Pence, Jessie Scott, Mary Watson, Helen Todd, Lulu Todd, Myra Hull, Maud Roach, Bessie Cox, Ruby Lorraine, Jennie Ringgold, Pauline Parr.

Dr. Wallace, E. D. Wilcox, Jesse Robertson and Henry Ingel came to Maryville Wednesday in Mr. Ingel's new automobile, the Overland.

STATE NORMAL ALUMNI REORGANIZED

Immediately after the close of the commencement exercises of the Normal Tuesday night, a meeting of the alumni of the school was held for the purpose of the re-organization of that body. The officers elected were John Rush, president; Miss Maud Bent, vice president; Miss Bessie Cox, secretary; Miss Helen Leffler, treasurer. The following committees were then appointed:

Executive committee—Mrs. Bruce Montgomery, Miss Margaret McDougal and Miss Ruby Lorraine.

Year book committee—Miss Lois Halley, Miss Nellie Wray and Miss Stella Mason.

Action was then taken to institute an annual reunion and banquet, and it was decided that the first one should take place at the dedication of the building, some time this summer or fall.

The meeting was then adjourned, and Dr. Taylor took the members to the New York Candy Kitchen for refreshments.

GASOLINE STOVE CAUSED A SCARE

An unruly gasoline stove caused a call for the fire department to be sent in from the McKenzie home, in the east part of town, this afternoon about 3 o'clock. The company made the run, but before they reached the place the fire had been put out, and no damage was done.

Home from Trenton.

Miss Mary Ogden and Miss Nellie Conrad, who have been teaching in the public schools of Trenton during the past year, returned home Monday night to spend their summer vacation with their parents, Mr. and Mrs. Eugene Ogden and Mr. and Mrs. F. C. Conrad. Mrs. Conrad went to St. Joseph Monday morning to meet them, and accompanied them home.

Toggery Shop at Home.

The at home given by the "Toggery Shop" keepers, Mr. Magnus Tate and Mr. George Tate, and their manager, Mr. A. J. Luppold, last Saturday afternoon and evening from 4 to 10:30, was one of the most popular affairs that has been given in our city for some time. Music was furnished by Miss Nash's orchestra. The Elks' clubhouse, beautiful as it is, now has a splendid rival in the "Toggery Shop" for beauty and attractiveness, and the general public thinks the "Toggery Shop" is away ahead of the Elks' club in its splendid looking and polished whiteness. The ladies who called at the formal opening of this elegant new place of business were given red and white carnations, and the gentlemen were given cigars. Seventeen dozen carnations were given away in forty minutes and 800 cigars were given to the gentlemen callers by 8 o'clock. The "Toggery Shop" is nearly as good looking as the library room at the Northwest Normal.

STATEHOOD WINS IN LOWER HOUSE

Resolution Affecting Arizona and New Mexico is Passed.

DAY IS SPENT IN ARGUMENT.

Arizona Must Vote Again on Recall of Judges and New Mexico Must Seek to Make Its Constitution Easier of Amendment.

Washington, May 24.—The joint resolution admitting Arizona and New Mexico to immediate statehood, but withholding the approval of the constitutions of both until the people have voted on proposed amendments, passed the house by a viva voce vote. No roll call was demanded on the final vote.

The resolution requires Arizona to vote on an amendment removing the recall provision, as it applies to judges, and requires New Mexico to vote on an amendment making its constitution more easily amendable in the future. Neither state is required to adopt the amendments proposed by congress. Whether they are approved or rejected by the proposed referendums, the constitutions of the new states will stand finally approved when the respective votes have been taken.

The resolution passed in the form proposed by the Democratic majority of the committee on territories. Efforts were made by the Republicans to force Arizona to vote out of its constitution the recall of judges and to give immediate and unqualified approval to the New Mexican constitution. Both provisions were rejected singly and later, when Mann embodied them in a motion to recommit the measure, they were voted down.

The Democrats said the proposal to force Arizona to reject the recall was an effort to keep that state out of the union. The Democratic resolution, said Chairman Flood of the territories committee, presented the fairer method, namely, to leave to the people the determination of the recall question.

Notwithstanding this method, Democratic orators bitterly denounced the recall of judges during the debate, while Republican insurgents refused to join Minority Leader Mann in the proposal to force Arizona to give it up. Representative Martin W. Littleton (N. Y.) made a strong attack, not only on the recall, but upon the initiative and referendum.

CORRAL FIRST TO RESIGN

Vice President of Mexico Succeeded by De La Barra

Juarez, Mex., May 24.—A telegram was received by Francisco Madero, Jr., from Alfred Robles Dominguez, special peace envoy in Mexico City, stating that the resignation of Vice President Corral had been tendered. The news was taken to mean that the vice president's resignation was requested to precede that of President Diaz, which is expected today. When President Diaz resigns Senar Madero and his party immediately will leave for Mexico City to advise with Senor de la Barra in the political reorganization of Mexico.

The new cabinet had been agreed upon, as follows: Finance, Ernesto Madero; Interior, Emilio Vasquez Gomez; Instruction, Dr. Francisco Vasquez Gomez; Fomento, Manuel Calero; War, General Eugenio Rascona; Communications, Manuel Bonilla; foreign relations (subsecretary), Bartolome Carbajal y Rosas.

Rafael Hernandez Madero probably will be agreed upon as the minister of justice. He was suggested by Madero.

Ohio Legislator Placed on Trial.

Columbus, O., May 24.—Representative George B. Nye of Pike county, who is a physician at Waverly, was placed on trial before Judge Kinkead in the criminal court on the charge of soliciting a bribe of \$500 from State Printer Edward A. Crawford to vote for the Kimble bill, which reappointed common pleas judicial districts.

Convention of Nurses.

Waterloo, Ia., May 24.—Miss Estella Campbell of Des Moines delivered the principal address before the eighth annual convention of the Iowa Society of Registered Nurses, which is being held in this city. Miss Campbell spoke on legislation. Miss Anna C. Goodale of Iowa City, president of the society, delivered an address.

French Column at Fez.

Tanger, May 24.—The French column, under command of General Moinier, entered Fez on the evening of May 21. The French force met with no opposition on the part of rebellious tribesmen besieging the sultan's southern capital. All Europeans in the city are safe.

Vedrine Leads in Aero Race.

San Sebastian, Spain, May 24.—Vedrine arrived here from Angouleme, having successfully covered the second stage of the Paris to Madrid aero race for the Petit Parisien prize of \$20,000.

MT. Ayr.

We are all rejoicing over the fine rain that has fallen.

The social given last Thursday evening by the league at Mt. Ayr was a decided success, both financially and socially.

Quite a number from our community attended the double funeral at Maryville Sunday.

Orville Schweikhardt returned home last Saturday, after a week's stay with his grandparents, Mr. and Mrs. Thomas Mendenhall of Barnard.

Owing to illness, Rev. Thompson was unable to fill his appointment last Sunday at Mt. Ayr. We are hoping for his speedy recovery.

Canadian Pacific Railway Offers You Farm in Sunny Alberta Near Existing Railroad Lines

The best chance for low priced land in Central Alberta. Here you'll find American neighbors—400,000 acres in this district bought by American homeseekers during 1910. Now we offer the pick of the Province the finest wheat land on the continent—where farms are often paid for with one season's crop—where climate, soil, transportation and markets combine to build fortunes fast. The eyes of the world are on this country. Yet right here by the railroad, among neighbors where good roads, schools and all sound social conditions are established, we offer you a farm.

Three Ways of Buying a Farm—

AT YOUR OPTION FOR INVESTMENT—one-tenth or one-sixth cash, balance five to ten years time. DEVELOPMENT BY SETTLER—one-tenth cash, balance in ten years. CROP PAYMENT PLAN—in partnership with the Canadian Pacific railway, one-tenth cash, balance by crop payment NO CROP—NO PAY. Think of it! Such an offer of the choicest of "the best west." The gate is unlocked to the best tract of Virgin Land in Sunny Alberta. Districts previously sold are making fortunes for American farmers and investors who realize that Western Canada is the future source of wheat supply for the United States. now very busy working it.

Mrs. Inman had the misfortune to lose a very nice colt a few days ago.

Our neighbor, Caleb Stark, has installed a telephone in his residence and is now ready to answer calls day or night.

We are all shocked to hear of the death of our old time neighbor and friend, Fred Douglas.

E. E. Mazingo is wondering how fast a Missouri mule can run under favorable circumstances. It seems as though they are able to run faster than he can ride.

Nearly everybody in this community attended the annual school picnic at Maryville Saturday.

We are glad that Maryville has de-

cided to have a sane Fourth of July celebration. And let us all plan to set aside that day for rest and recreation and help Maryville as well as ourselves to make it a day long to be remembered.

When we stop and think for a while, is it any wonder that the average life of the human race is growing shorter all the time? In this day and age of the world it is one mad rush all the time to accumulate more of this world's goods. We do not take time to be even sociable. We do not visit and mix and mingle with one another as they used to when the average life of man was longer, and we believe that is one reason that life is shorter now than in years ago.

SENATE AFTER OIL MAGNATES

Resolution Passed Asking About Prosecution of Standard Officials.

Washington, May 24.—Information as to what steps had been taken for the criminal prosecution of the officers of the Standard Oil company under the recent decision of the supreme court was demanded of the attorney general by the senate, which adopted without debate a resolution of inquiry offered by Senator Pomerene. The resolution names specifically John D. Rockefeller, William Rockefeller, Henry H. Rogers, Henry M. Flagler, John D. Archbold, Oliver H. Payne and Charles M. Pratt.

Although dead, H. R. Rogers is named in the resolution as one of the officers of the Standard Oil company.

The resolution sets forth that the supreme court held the corporation to be illegal and in effect its officers guilty of effecting a combination in restraint of trade. Therefore, the resolution continues, the seven named men are liable to criminal prosecution.

LORIMER CASE
IN THE SENATELa Follette Resumes Speech in
Favor of Inquiry.

Washington, May 24.—The Lorimer situation in the senate was further complicated by the introduction of a third resolution calling for an investigation of the charges of bribery in connection with the election of the junior senator from Illinois. The resolution was offered on behalf of the Democratic minority by Senator Martin. It provides specifically for an inquiry into the "jackpot" fund in the Illinois legislature and its connection with Lorimer.

The Martin resolution would leave with the committee on privileges and elections the prosecution of the inquiry and delegates to it all the powers of a court. The committee is authorized to hold its sessions at what ever place it deems most convenient.

The LaFollette resolution would leave to a committee of five new members of the senate the task of conducting the investigation.

It is generally believed that Senator Dillingham's resolution of inquiry, intended as a substitute for that of La Follette, will be adopted. It is thought the new investigating committee will be Senators Dillingham, chairman; Sutherland and Kenyon (Reps.) and Kern and Lea (Dems.).

Senator LaFollette, armed with the new evidence brought out by the special committee of the Illinois legislature, still held the privilege of the floor to present to the senate his further reasons why that body should adopt his resolution of inquiry into the right of Senator Lorimer to retain his seat.

Kills Bride With Hatchet.

St. Louis, May 24.—Alois Eisenbarth, seventy-two years old, killed his bride of a month with a hatchet and pitchfork here and also seriously injured his sister-in-law. Eisenbarth accused his wife, who was thirty years old, of trying to get his property.

A GREAT PHYSICIAN.

What He Said of Germs That Cause Disease.

M. Pasteur, sometimes called the greatest physician, often said: "I believe that we shall one day rid the world of all diseases that are caused by germs."

Of all the diseases caused by germs, catarrh is one of the most persistent and loathsome. Catarrh can be cured, but only by destroying the germs.

Breathe Hyomei (pronounce it High-o-me) and cure catarrh by killing the germs. The Hyomei method is the only sensible method, because you breathe the highly antiseptic and germ-killing air directly over the entire membrane infested with catarrh germs.

Hyomei will cure catarrh. There may be some complicated cases where it will fail, but the chances are ten to one in its favor, and the sufferer from catarrh takes no risk, because Hyomei is a guaranteed remedy, and if it doesn't cure, the Orear-Henry Drug Co. will refund the purchase price.

Hyomei will also give instant relief and cure in bronchitis, coughs, colds and croup. A complete outfit, including hard rubber pocket inhaler, costs only \$1.00. If you now own a Hyomei inhaler you can get a bottle of Hyomei for 50 cents at druggists everywhere or at the Orear-Henry Drug Co.

MEN OLD AT 35.

One Million Baldheads Who Thought Dandruff Wasn't Dangerous.
In the United States and Canada today there are nearly a million men who at 35 can be put in the baldhead class.

When these men had thick, vigorous hair, dandruff made its appearance.

That was the time to attack the enemy of mankind—the persistent little devil called a dandruff microbe, or germ that burrows deep down into the hair root and saps it of the vitality that is so essential to the hair.

Young men or any man, for that matter, beware of the dandruff germ; it is not a theory, but an actual condition that confronts you. That dandruff is caused by a germ is proven beyond question. That a germ de-

stroys the hair root is today a matter of common knowledge.

The Koch Pharmacy has the remedy that kills the dandruff germs. They guarantee it to eradicate dandruff, stop falling hair and itching scalp in two weeks or money back. It is called Parisian Sage and can be obtained at druggists in every town in America—ask them for it. The girl with the Auburn hair is on every bottle of Parisian Sage.

Gone to Illinois.

Mrs. A. Dusenberry left Tuesday evening for Moline, Ill., to visit relatives. In the meantime Mr. Dusenberry will look up a new location.

Returned from Oklahoma.

Miss Mabel Wells and Miss Edith Wells, the daughters of Mr. and Mrs. Charles Wells, living on South Vine street, returned Tuesday night from Bartlesville, Okla., where they have been teaching in the school, and will remain here for the vacation.

Will Spend Vacation Here.

James Carpenter, the son of Mr. and Mrs. Paul Carpenter of this city, who has been a member of the faculty of the Grant City schools the past year, has returned for the summer vacation.

GRAY HAIR WILL
MAKE YOU LOOK OLD

Use Wyeth's Sage and Sulphur
and Your Gray Hair Will
Quickly Vanish.

Gray hair is a mark of age, and nothing that can be said as to its beauty will offset the disadvantages of this mark of age set upon your brow.

Wyeth's Sage and Sulphur Hair Remedy darkens the hair and restores it to its youthful beauty. Our grandmothers and their grandmothers before them used sage and sulphur for darkening their hair. Nothing has ever been found more effective for this purpose than these two time-honored remedies, but Wyeth, a modern chemist, has combined the two with other ingredients which makes a delightful dressing for the hair, and which not only removes every trace of dandruff but promotes the growth of the hair. It also stops the hair from falling out and makes it beautiful.

All druggists are authorized to refund money if it fails to do exactly as represented.

A preparation is offered to the public at fifty cents a bottle, and is sent and sold by all druggists.

Million Books Yearly—Praises Gen-
erosity of Carnegie.

New York, May 24.—The New York public library, the largest and most costly library building in the country, was dedicated here by President Taft, Governor Dix and Mayor Gaynor.

The new library, of white marble throughout, has been twelve years in building and cost more than \$10,000,000.

Mr. Taft said, in part:

"It is not in the treasures of the various collections that go to make up this library that its chief value consists, wonderful as they are and much as we are indebted to the Astors and James Lenox for the money, labor and pains expended in their gathering. It is not in the number of volumes or pamphlets or manuscripts that this library stands out first, but it is in the facility of circulation and in the immense number of books that are distributed each year for use to the citizens and residents of New York and vicinity that this library easily takes the first rank."

Story Hardly Credible.

"When the story is told of how this great organization was effected it is hardly credible. The Astor library, founded in 1849 and begun and enriched by the generosity of three generations of the Astor family, was only a library of reference, consisting of rare historical books, pamphlets and manuscripts. The Lenox library, made possible through the generosity and infinite pains and labor and love of James Lenox, gave this foundation a precious biblical collection and a wonderful library of American history. The Tilden foundation brought 16,000 volumes of a political library and a foundation of \$2,000,000.

"The generosity of these founders of course is much to be praised. So, too, the generosity of those who contributed to the New York public circulating libraries that are now made a part of this, and so must we applaud the generosity of Mr. Andrew Carnegie, whose munificence will provide for sixty branches in all parts of this great city. But after reading the history of these various collections and circulating libraries, the fact that impresses itself most upon me is that since 1855 master minds have conceived the union of all these agencies into one.

Circulation Eight Millions.

"A library which affords constant reference and reading room facilities to 1,700 people and which circulates through sixty branches its books at a rate of 8,000,000 a year accomplishes so much more in the popular dissemination of knowledge than any other library in the world that the men who conceived the plan and who had the energy, tact, patience and knowledge with which to execute it are those whom I must congratulate today.

"To have secured the consent of all the trustees of the various foundations, to have obtained the necessary legislation authorizing the union, to have secured from the city authorities the use of this magnificent site and the appropriation of the money for this magnificent structure, required genius and statesmanship and marks this day as noteworthy, not only because of the expanding usefulness to the people of this library, but also as commemorating a most remarkable success of disinterested human effort in the cause of philanthropy."

Attest: C. L. GANN, City Clerk.

NOTICE OF SPECIAL ELECTION IN
THE CITY OF MARYVILLE.

Notice is hereby given that under and by virtue of the provisions of ordinance No. 569 of the City of Maryville, Missouri, passed and approved on May 19, 1911, there will be held in said city on Tuesday, June 6, 1911, a special election for the purpose of submitting to the qualified voters of said city a proposition to increase the indebtedness of said city in the sum of fifteen thousand dollars (\$15,000), and to issue bonds of said city in that sum under the provisions of Section 9547, Revised Statutes of Missouri, 1909, to defray the expense of erecting and furnishing a city hall for said city on lot two, block four, Original Town of Maryville, Missouri, at a maximum expense of \$15,000, all as more fully set out in said ordinance No. 569.

The polling places for said special election shall be as follows:
First ward—City hall.
Second ward—Robey's garage.
Third ward—Gray's feed yard.
Fourth ward—Nodaway Manufacturing Company's shop, 114 East Second street.

Tickets will be provided for said election in the following form:

(1) "For increase of debt—Yes."
(2) "For increase of debt—No."

The former of which shall be taken as a vote assenting to such increase of debt, and the latter as dissenting therefrom, all as more particularly set out above in this notice and in said ordinance.

If the returns of said election shall show that two-thirds of the legal voters of said city voting at said special election so held, shall have voted assent to the increase of debt as herebefore set out, then the mayor and board of aldermen shall have the authority to cause said city hall to be erected and furnished, as aforesaid, and to issue bonds to pay the cost thereof in the amount aforesaid, of such denomination, bearing such rate of interest and payable at such time as is provided by law; and also to provide for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and to constitute a sinking fund for the payment of the principal thereof at maturity.

Said polling places will be open from 7 o'clock in the morning and continue then open until 6 o'clock in the evening, or until sunset if the sun shall set later than 6 o'clock in the evening on said day.

A. S. ROBEY, Mayor.

Mrs. Feurt Visiting Here.
Mrs. George W. Feurt, formerly of this city, who has been spending the past year with her son, Everett Feurt, of Kansas City, and friends and relatives in St. Joseph and Jameson, Mo., and Junction City, Kan., is in Maryville for a visit with her nephews, the Yeo brothers, and their families on West Thompson street.

Ever Been to Colorado?

No? Then there is an ideal vacation trip in store for you—one that will mean a complete change of scene and living conditions, as it should, to result most beneficially.

The grandeur of the majestic Rockies will inspire the mind; the picturesque beauty of forest and stream refresh the soul, while the dry, tonic mountain air will rebuild the worn and jaded body.

Don't take our word for it, but go and be convinced. It costs but little time or money. (I'll be glad to tell you how much) and you will be a thousand times repaid.

You have perhaps been planning a trip to Colorado for years. Make up your mind today to go this Summer and let me hand you one of the Burlington Colorado handbooks which tells all about where to go, what to see and what to do, and contains a complete list of hotels, boarding houses and ranches, with their rates. Ask me about Estes Park, Colo., also.

LAURIER SCOFFS AT ANNEXATION

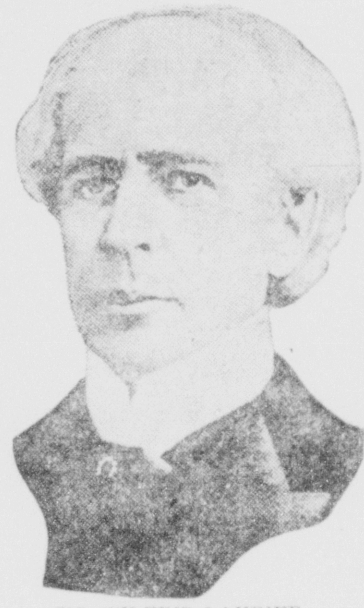

Says United States Has No De-
signs on Canada.

PREMIER EXPLAINS TO BRITONS

Dinner of Pilgrims' Society in Lon-
don in Honor of Colonial Premiers
Noteworthy for Plain Speaking.
Great Britain Before America.

London, May 24.—The dinner of the Pilgrims' society in honor of the colonial premiers was historic because of unexpected and noteworthy plain speaking of Sir Wilfrid Laurier, the premier of Canada. Sir Wilfrid, addressing an audience composed of many of the great men of England, handled the annexation question without gloves.

He began by expressing amazement that during his three days' stay in England he had heard so many people of standing voicing doubts concerning the designs of the United States regarding Canada. He scoffed at the

SIR WILFRID LAURIER.

idea of annexation being seriously considered on either side of the border. He expressed in warm terms his admiration for the people of the United States, but said, much as he loved the American people, he loved Great Britain better.

The premier aroused enthusiasm when he said that Canada and the United States proposed to continue to show to the world two nations with the longest boundary, extending from ocean to ocean, living in peace and mutual respect without a fortress, a soldier or a gun on either side of that boundary.

Immigrants Take Oath of Allegiance.

Sir Wilfrid spoke at length on the immigration of Americans to Canada and the apprehensions he had heard expressed, that they might threaten the integrity of the Dominion. He said the majority of them took the oath of allegiance to George V.

He would not say that some Americans did not covet the fair acres of Canada; they would not be human if they did not. If the United States attempts to annex Canada, continued the premier, it would not be force of arms, but by seduction. In that event, Canada would reply as Diogenes did to Alexander: "Stand out of my sun." There was sun enough for both.

The last words of the Canadian premier were almost drowned in applause. "We believe," he said, "that the day will come of an alliance of all lands springing from England's loins, ensuring the peace of the world forever."

YELLOW PINE HEARING

Witness Says Lumbermen Divided
Trade Territory for Two Years.

St. Louis, May 24.—George K. Smith, secretary of the Yellow Pine Manufacturers' association, was called to conclude his testimony in the hearing of the state's counter suit against the alleged lumber trust.

An ironclad agreement between organizations representing wholesale lumber firms and retail dealers, prohibiting "poaching" and providing for the punishment of wholesalers who sold or retailers who bought outside the prescribed limits, was described in an official circular introduced as evidence.

The results of the agreement did not come up to expectations, Smith testified, and it was abrogated two years later.

Foundrymen's Association Meets.

Pittsburg, May 24.—Foundrymen and their friends, at least 6,000 strong, are in Pittsburg for the sessions of the sixteenth annual convention of the American Foundrymen's association, which convened in the Exposition building. The exhibition of foundry equipment is said to be the largest in the history of the world.

Art Dealers Plead Guilty.

New York, May 24.—Henry J. and Benjamin J. Duven, the international art dealers, appeared in the United States district court and pleaded guilty to an indictment charging them with undervaluation of imports. The district attorney asked for a jail term, but the court postponed sentence.

NEEDFUL KNOWLEDGE.

Maryville People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy and other serious troubles. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Maryville proof:

G. W. Hempstead, East First street, Maryville, Mo., says: "When suffering from an extreme sensitiveness in the small of my back, I was advised by a friend to give Doan's Kidney Pills a trial. I procured a box at Charles A. Love's drug store and they lived up to representations. I have never had any trouble from my back or kidneys since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Big Boned
Poland Chinas

Am now offering for sale a choice boars and gilts of last September and October farrow. They are sired by my great boar, Pawnee Pete, who was 2 years old April 8d, and weighs over 800 lbs. in rather thin flesh, and has 11-inch bone. These pigs have extra heavy bone and great length, are in fine thrifty growing condition (not fat), and weigh from 150 to 250 lbs. Write me for prices, and please mention this paper.
